

**KEY STAGE 3 SCIENCE CALENDAR 2022-23**

| W/B                   | Term: Week | Phase: Week | T/T Week | Year 7  | Year 8   |
|-----------------------|------------|-------------|----------|---|--|
| 29 Aug                | 1:1        |             |          |   |  |
| 05 Sep                | 1:2        | 1:1         | 1        |   |  |
| 12 Sep                | 1:3        | 1:2         | 2        |   |  |
| 19 Sep                | 1:4        | 1:3         | 1        |   |  |
| 26 Sep                | 1:5        | 1:4         | 2        | Practical Skills (no CAT) = 14 lessons  |  |
| 03 Oct                | 1:6        | 1:5         | 1        |   |  |
| 10 Oct                | 1:7        | 1:6         | 2        |   | 7H Elements (10) + 8E Combustion (10)<br>+ Rev + CAT                                 |
| 17 Oct                | 1:8        | 1:7         | 1        | 7I Energy + 7K Forces 9 lessons (Inc 2Ch)+ Rev + CAT                                    |  |
| 24 Oct                |            |             |          |   |  |
| 31 Oct                | 2:1        | 1:8         | 2        |   |  |
| 07 Nov                | 2:2        | 1:9         | 1        |   | 8K Energy Transfers (10 inc 1Ch) + FB+ Rev + CAT                                     |
| 14 Nov                | 2:3        | 2:1         | 2        | Complete Acids and Alkalies   |  |
| 21 Nov                | 2:4        | 2:2         | 1        |   | Complete Sound   |
| 28 Nov                | 2:5        | 2:3         | 2        |   |  |
| 05 Dec                | 2:6        | 2:4         | 1        | 7F Acids and Alkalies (8) & 7E (Mixtures and separation (10 inc 2Ch and FB) + Rev + CAT |  |
| 12 Dec                | 2:7        | 2:5         | 2        | Practical/ Microscope work to complete the term for cells intro                         | 7L Sound (6) + 8J Light (9 inc 2 Ch) + FB + Rev + CAT (Sound challenge after CAT)    |
| 19 Dec                |            |             |          |   |  |
| 26 Dec                |            |             |          |   |  |
| 02 Jan (Students 4th) | 3:1        | 2:6         | 1        |   |  |
| 09 Jan                | 3:2        | 2:7         | 2        | 7A Cells (8) + FB+ Rev + CAT  |  |
| 16 Jan                | 3:3        | 2:8         | 1        |   | Complete Inheritance   |
| 34 Jan                | 3:4        | 2:9         | 2        |   |  |
| 30 Jan                | 3:5        | 3:1         | 1        | Complete 7G Particle Model (9)  |  |
| 06 Feb                | 3:6        | 3:2         | 2        |   | 9A Inheritance (10 inc 1Ch) + 8D Unicellular (8) + FB + Rev + CAT                    |
| 13 Feb                |            |             |          |   |  |
| 20 Feb                | 4:1        | 3:3         | 1        | Complete 7K Forces (8 inc2 ch)  |  |
| 27 Feb                | 4:2        | 3:4         | 2        |   |  |
| 06 Mar                | 4:3        | 3:5         | 1        |   | Complete Respiration   |
| 13 Mar                | 4:4        | 3:6         | 2        | 7G particle model, 7K Forces & 8I Fluids (8) + FB + Rev + CAT                           |  |
| 20 Mar                | 4:5        | 3:7         | 1        |   |  |
| 27 Mar                | 4:6        | 3:8         | 2        |   | 8C A&An Respiration (12 inc 1Ch) and 9B Plant Growth (8) + FB + Rev + CAT            |
| 03 Apr                |            |             |          |   |  |
| 10 Apr                |            |             |          |   |  |
| 17 Apr                | 5:1        | 3:9         | 1        | Complete 8A digestion   |  |
| 24 Apr                | 5:2        | 4:1         | 2        |   |  |
| 01 May                | 5:3        | 4:2         | 1        | 7B Reproduction (8) and digestion+ rev and CAT  |  |
| 08 May                | 5:4        | 4:3         | 2        |   |  |
| 15 May                | 5:5        | 4:4         | 1        | 7J Electricity (9 inc 2Ch and FB) + Rev + CAT   | 8F The Periodic Table + 8G Metals & Their Uses + 9F Reactivity (16) + FB + Rev + CAT |
| 22 May                | 5:6        | 4:5         | 2        | revision for EoY  | Revision   |
| 29 May                |            |             |          |   |  |
| 05 Jun                | 6:1        | 4:6a        | 1        |   | Revision (inc FB from CATs)  |
| 12 Jun                | 6:2        | 4:6b        | *(2)     |   | Exam week  |
| 19 Jun                | 6:3        | 4:7         | 1        |   |  |
| 26 Jun                | 6:4        | 4:8         | 2        |   |  |
| 03 Jul                | 6:5        | 4:9         | 1        | 7D Ecosystems (9) + Rev + CAT<br>Exam Feedback  | 8L Space + 9I Forces = 9Lessons<br>Exam Feedback                                     |
| 10 Jul                | 6:6        |             | *(2)     |   | Activity Week??  |
| 17 Jul                | 6:7        |             | 1        | Practical CAT   | Practical CAT  |

Feedback: FB

Must be completed **after** 2 weeks from the CAT (giving enough time for any catch-ups), focus on exam technique as well as common mistakes/misunderstandings.

End of term lessons – If you still have lessons left DON'T start the new topic – fill with practical skills (planning, measuring, recording)/graph skills

### Year 7 Challenges

Energy – Egg Drog

Forces – Make a Newton meter

Mixtures – Make citrus perfume

Electricity – Make a fruit battery

Practical CAT – covering topics: Electrical circuits, pH measurements, volume, mass and weight measurements, digestion tests, label the reproductive system, measure extension of a spring, name that force! Draw evaporation scientific equipment, using microscope (what does the word say?) indoor quadrats!

### Year 8 Challenges

Energy Transfers – make an insulated vessel to keep ice

Light – Make a pinhole camera

Sound – Make a soundproof box

Inheritance – design a novel animal with highlighted adaptations

Respiration – design experiment to prove/disprove a planet can support life

Space – launch a rocket
