1. Introduction

a) Legislative context

This policy has been developed in response to the Equality Act 2010 and replaces previous policies relating to race, gender and disability equality. It has been designed to help the School meet the duty to:

- Eliminate unlawful discrimination, harassment, victimisation and other prohibited conduct
- Advance equality of opportunity between those who have a protected characteristic and those who do not
- Foster good relations between those who share a protected characteristic and those who do not

b) Protected characteristics

The Equality Act defines nine protected characteristics, all of which are potentially applicable to the School community (students, staff and governors):

- Age (as an employer but not applicable to pupils)
- Disability
- Sex
- Gender reassignment
- Race
- Marriage or civil partnership (as an employer)
- Pregnancy and maternity
- Religion or belief
- Sexual orientation

2. General principles

Staff and Governors will

- Ensure that members of the school community know their rights, and respect the rights of others
- Aim to ensure that prejudice or discrimination in all its forms is actively rejected
- Raise awareness of equality issues for all members of the school community
- Establish strategies to ensure equal access to the curriculum and enable each individual to fulfil his/her potential regardless of ability, gender, race, disability, religion or sexual orientation

3. Practice and policy

Equality and diversity principles based on the above aims will be embedded in our daily practices, policies and the processes of decision-making, including:

- Admissions, induction and attendance
- Students' progress and achievement
- Students' personal development and wellbeing, particularly in relation to safeguarding
- Parental involvement
- Working with the wider community
- Behaviour management
- Staff recruitment and professional development
- Curriculum access and participation
- Teaching styles and strategies

4. Policy Commitments

a) Curriculum

We aim to provide all our students with the opportunity to succeed. To achieve this we will ensure that:

- Curriculum planning reflects a commitment to equality
- The curriculum prepares students for life in a diverse society
- There will be opportunities in the curriculum to explore concepts and issues related to identity and equality
- Attitudes and values that celebrate and respect diversity and challenge discriminatory behaviour and language are promoted wherever possible
- Images and materials used in the delivery of the curriculum positively reflect a range of cultures, identities and lifestyles

b) Progress and Achievement

There are consistently high expectations of all students regardless of age, gender, ethnicity, ability, social background and sexual orientation. To secure the best possible outcomes:

- Staff will be expected to provide positive role models in their approach to all issues relating to equality of opportunity
- The particular needs of individuals and groups within the School will be identified, and targeted interventions used to narrow gaps in achievement
- A range of teaching methods will be used throughout the School to ensure that effective learning takes place at all stages for all pupils
- All students are actively encouraged to engage fully in their own learning

c) School ethos and culture

- We aim to achieve an ethos of inclusion, openness and tolerance which welcomes everyone to the school community and encourages mutual respect
- Reasonable adjustments will be made to ensure access for students, staff and visitors (including parents) with disabilities (this not only includes physical access, but takes account wider access to school information and activities)
- Students' views are actively encouraged and respected. Students are given an effective voice through the School Council and a range of other leadership opportunities
- Positive role models are used throughout the School to ensure that different groups of pupils feel welcomed and included

d) Staff Recruitment and Professional Development

- All posts are advertised formally and open to the widest appropriate pool of applicants
- Those involved in recruitment and selection are appropriately trained and aware of the need to avoid discrimination and ensure equality of opportunity
- Equalities policy and practice is covered in all staff inductions
- Employment policy and procedures are reviewed regularly to check conformity with legislation and the impact of policies are kept under regular review

e) Countering and challenging harassment and bullying

The School:

- counters and challenges all types of discriminatory behaviour and this stance is made clear to staff, students, parents and governors
- has a clear, agreed procedure for dealing with prejudice-related bullying incidents and has a nominated member of staff responsible for recording and monitoring incidents
- reports to Governors on an annual basis the number of prejudice-related incidents recorded in the School

f) Partnerships with parents and the wider community

The School aims to work in partnership with parents. We will:
